

's Homework Log

For homework, students will always be encouraged to **read 20 minutes each night**. Students are asked to **complete at least two menu activities each week** in addition to reading each night. Many menu options have links on our classroom website. **Our weekly homework menu and reading log is due each week on Friday (or Monday, if needed)**

I can...

I can read fluently with expression.

Reading Minutes Clock		Book Title(s)
Monday		
Tuesday Bring library books tomorrow		
Wednesday		
Thursday		

Word of the Month: **Integrity**

Total Minutes Read: _____ Parent Signature: _____

's October Homework Menu

If you complete one of these activities, **highlight the square** on the homework menu.

Fact Expert Read a non-fiction book. Find three facts you didn't already know about the topic.	Raz Kids Go onto Raz-Kids. Listen to, read, and take a quiz for the book.	Campfire Reader Turn out the lights and use a flashlight to read.
Reading Connections Read a fictional story and non-fiction book about a similar topic (ex: "Froggy" series and books about frogs). How are they similar? How are they different?	Sight Word Practice Use one of the online games on our website!	Buddy Reading Read a book aloud to a sibling or parent. (Remember to share our EEKK strategy with your buddy!)
Integrity Challenge Do the right thing, even when no one is watching!	Great Listening! Go onto an online reader (Storyline Online, Bookflix, Raz-Kids) and listen to a story. Chat about the story and share the most important details with someone.	Odds & Evens! Grab a handful of items you can count. Maybe beans, counters, or even legos. Now count them. How many do you have? Is the total odd or even?
Healthy Me! Exercise for at least 30 minutes. Write Ms. Chichester a short note telling her what you did and why.	Deal Math Use a deck of cards to play a math game. Addition Top It Place the deck of cards down by the players. Each player turns over 2 cards and calls out the sum of the numbers. The player with the largest sum wins the round and takes all the cards. The game ends when all the cards are used. The player with the most cards wins. 	
Fact Power Practice Math Facts. You can use flash cards or online math fact practice games (That's a Fact or XtraMath).	Family Game Night!! Play a game with your family! Make it any game you enjoy!	What time is it? Practice telling time on an analog clock.
